

SKILLS

- **Technical:** Rhino 3D, Revit, Enscape, Lumion, SketchUp, AUTO-Cad, Adobe Illustrator, Adobe InDesign, TwinMotion
- **Languages:** English (Native), Tamil (Intermediate)

EDUCATION

Temple University	Philadelphia, PA	Aug 2021 – May 2025
• B.S in Architecture, Certificate in Environmental Sustainability • Relevant Coursework: Sustainability and Architecture, Architecture Technology and the Environment, Land Use Planning, Healthy Community Design and Development, Structural Analysis for Architects, Environmental Control Systems		

EXPERIENCE

Peer Advisor	Temple University	Sept 2024 – Present
• Advised students on course selection, registration, and adherence on university policies, deadlines and procedures. • Communicated effectively between students and faculty, acting as a bridge for university-related concerns. • Facilitated the delivery of Tyler School of Art and Architecture programs by assisting in event planning and execution. • Maintained office organization by managing inventory, replenishing supplies, and handling documentation.		
Orientation Leader	Temple University	May 2022 – Sep 2022
• Led orientation sessions for incoming first-year students, delivering educational presentations and engaging skits to introduce university resources and policies. • Conducted campus tours to familiarize students with key facilities, fostering a welcoming and inclusive environment. • Assisted students with class registration alongside academic advisors, ensuring a smooth transition into their first semester. • Facilitated group discussions and Q&A sessions, addressing student concerns and promoting campus involvement.		

PROJECTS

Arts Incubator	NXTPHILA	Fall 2024
• Developed a conceptual design for NXTPHILA, an arts incubator in Lower North Philadelphia, inspired by NXTHVN's mission to support artists and foster community engagement. • Created two interconnected building components, including a flexible public gallery space for exhibitions and events, alongside private artist live/work studios for resident fellows. • Integrated historical and cultural context of Lower North Philadelphia, emphasizing local engagement and creating a cultural space that honors the area's heritage.		

EXTRACURRICULAR ACTIVITIES

Tokyo Study Abroad Semester	Temple University	Spring 2024
• Studied Japanese architecture and traditional building practices in a study abroad program in Tokyo, Japan. • Conducted field research by visiting historic and modern architectural sites throughout Tokyo to understand Japanese design aesthetics and construction techniques. • Designed a traditional Japanese tea house by drawing on insights from local architecture and site visits in Tokyo, resulting in a detailed Rhino 3D model and a high-quality Lumion render.		
HOK Firm Student Design Challenge	HOK Firm	Jan 2023 – Feb 2023
• Collaborated with a partner in the HOK Futures Design Challenge 2023, competing against 50+ students to develop innovative architectural solutions. • Designed a multistory housing unit aimed at providing sustainable and supportive living spaces for immigrants and refugees. • Presented the project to industry professionals, demonstrating design concepts and effectively communicating the vision for community-centered housing.		
Architectural Design Charette	Woodlawn Trustees	Sept 2022 – Nov 2022
• Collaborated in a fast-paced team environment against 15+ teams to develop innovative architectural solutions. • Designed a concept for a "pocket park" in Wilmington, DE, focusing on community engagement and sustainable urban design. • Developed multiple sustainable and affordable backyard designs aimed at enhancing low-income housing, prioritizing both aesthetics and functionality. • Won the design charette, demonstrating exceptional creativity and problem-solving skills in architecture.
